Hope Through Connections, Unhindered by Walls
1 Thessalonians 1:3

Live Worship Broadcast

Social Media is an engaging tool for extroverts like Pastor Josh Kerr, who you might find dancing on TikTok. While going online with worship has been a challenging success, the congregation of First Presbyterian Church in Claremore, Oklahoma has remained in touch with the unconnected households. Neither Social Distancing nor rain has stopped Pastor Kerr and the Session from making visits in congregants driveways. Through these tools of connection, First/Claremore has sprouted more many new and renewed connections. Even after the pandemic subsides, Kerr is a big fan of continuing live worship broadcasts for people unable, hesitant or shy about attending in person.
